September 22, 2026

Dear Patient,

I am writing to let you know that I will be retiring from clinical practice, effective October 30, 2026. This was not an easy decision – caring for your eyes and your vision has been the privilege of my professional life for over two decades – but it is the right time for me to step back.

Your continuity of care is my top priority as I make this transition. My partners at Retina & Vitreous of Texas – physicians I trust completely and have worked alongside for years – will continue to provide the same high standard of retinal care you have come to expect. Your medical records will remain with the practice, and our staff will help coordinate your transition to a new physician within the group, or to a specialist of your choosing if you prefer.

If you have an upcoming appointment, it will proceed as scheduled with one of my partners, or our staff will be glad to help you select a physician. If you have any questions in the meantime, please don't hesitate to **call our office at (281) 602-7188**.

Thank you for the trust you placed in me over the years. It has meant more to me than I can easily put into words to play a part in preserving your sight, and I leave this chapter of my career grateful for every one of you.

With warm regards and best wishes for your continued eye health,

Eric Holz, MD FACS
Retina & Vitreous of Texas
